

# Bachelor of Science in

# Polymer Science and Technology (International Program)

## Program Highlight:

MOU between Kasetsart University or KU (Thailand) and University of Akron or UA (USA)

## Detail Highlights

- First 3 years at Materials Sci KU
- Senior year (4<sup>th</sup> year) at UA (transfer credits to KU for earning B.S. from KU)
- Just 1 more year (5<sup>th</sup> year) at UA for Master's degree (Polymer Science or Polymer Engineering)

## Curriculum

128 credits on curriculum with interesting courses: sustainable polymer insights, smart polymer, innovative thinking, up-to-date technology, digital & AI technology, industry standard, and many more interesting things for you to find out.

## Tuition Fees (2 semesters/year)

Thai: 59,000 THB/semester

Foreign: 69,000 THB/semester
