Ph.D. (Agricultural and Resource Economics) (International Program)

Department of Economics, Faculty of Economics, Kasetsart University

The only institution of higher education in Thailand which offers the only doctoral program of its discipline in agricultural economics in Thailand, and is increasingly recognized by international scholars.

Objectives

The Ph.D. program in Agricultural and Resource Economics is intended for students who wish to develop their ability to make original contributions to scientific knowledge. Award of the degree testifies to broad mastery of economic theory, quantitative methods, and one or more fields in agricultural and resource economics.

Program Learning Outcomes

1. To be able to analyze problems in agricultural economics and integrated resources in suggesting solutions
2. To be able to create academic works at international levels

Tuition Fees

Fees are subjected to an amount approximately up to 451,000 thai baht (Non-Thai students) respectively - covering 6 semesters (3-year program).

Admission Methods For Foreign Students

Foreign students can apply at the Graduate School at the following website: http://www.grad.ku.ac.th/en
